EMERGENCY NOTIFICATION ALERTS

Do you receive alerts from The Borough of Hanover? If you do not and would like to receive them, you can sign up by visiting the borough website www.hanoverboroughpa.gov and click on the Community Links then the Code Red Community Notification icon. Those without internet access may call the borough office 717-637-3877 Monday through Friday between 8:00AM and 4:30PM to supply their information over the phone. You may select to receive the information by phone, text message or email. The Borough uses CodeRed, a mass notification system, to inform residents of emergency and general notifications. The data collected is not shared with any one else. The system ensures we are getting timely, informative alerts out to our residents to keep them aware of the latest events that are impacting the community.

FOR AFTER HOURS EMERGENCIES:

For Public Safety, Police or Fire call 911.

For Water call 717-476-2712.

For Sewer Emergencies needing immediate attention call 717-476-2709.

September	Mon. 14th	Tues. 15th	Thurs. 17th	Fri. 18th
October	Mon. 12th	Tues. 13th	Thurs. 15th	Fri. 16th
November	Mon. 9th	Tues. 10th	Thurs. 12th	Fri. 13th
December	Mon. 14th	Tues. 15th	Thurs. 17th	Fri. 18th

2021 Recycling Curbside Pick Up Dates

January	Mon. 11th	Tues. 12th	Thurs. 14th	Fri. 15th
February	Mon. 8th	Tues. 9th	Thurs. 11th	Fri. 12th
March	Mon. 8th	Tues. 9th	Thurs. 10th	Fri. 11th
April	Mon. 12th	Tues. 13th	Thurs. 15th	Fri. 16th
May	Mon. 10th	Tues. 11th	Thurs. 13th	Fri. 14th
June	Mon. 14th	Tues. 15th	Thurs. 17th	Fri. 18th
July	Mon. 12th	Tues. 13th	Thurs. 15th	Fri. 16th
August	Mon. 9th	Tues. 10th	Thurs. 12th	Fri. 13th
September	Mon. 13th	Tues. 14th	Thurs. 16th	Fri. 17th
October	Mon. 11th	Tues. 12th	Thurs. 14th	Fri. 15th
November	Mon. 8th	Tues. 9th	Thurs. 11th	Fri. 12th
December	Mon. 13th	Tues. 14th	Thurs. 16th	Fri. 17th

PLEASE NOTE— There will be no service stickers for residential collection service

Reminder

A different truck will collect each recyclable separately at a different time for the following items which are collected curbside:

Aluminum & bimetal (commingled in same bin) * BINS ARE FOR CANS ONLY*; Cardboard (broken down & bundled);

Newspaper (bundled) * Must be kept dry *

Recycling Drop Off Center Info

Current hours: 6:00 AM to 3:00 PM Monday-Friday

(with staffed assistance from 7:00 AM to 12:00 noon)

Every Saturday 7:00 AM - 2:00 PM (with staffed assistance)

Recycling Center will continue to accept recyclable items including clear & colored glass,
quality paper, magazines & phone books.

We now accept plastics, (#1 ,#2, #5)

Textile Box: Located at the Recycling Center for a convenient place to drop your used clothing.

Commercial Recycling

This service requires you to source separate Aluminum Cans, Quality Office Paper, and Corrugated Cardboard. These three items will be picked up the first Wednesday of each month unless additional pickups have been requested through the Borough office. Aluminum cans and Quality Office Paper must be placed in separate sealed refuse bags, and Corrugated Cardboard must be broken down and bundled together or enclose same in an enclosure such as a chicken wire coop or a storage enclosure to prevent the cardboard from blowing in the wind. All recyclable items for Curbside Collection must be placed out by 6:00 AM Wednesday morning if they are to be picked up by the Borough's Public Works Department.

Please note that you can bring the above recyclables, as well as plastics (#1,#2,#5), glass (clear and colored), and all other paper products (phone books, magazines, shredded paper, junk mail/flyers, etc.), to our Public Works Recycling Center at 139 North St on Monday-Friday 6AM-3PM and Saturday 7AM-2PM.

MISC REFUSE COLLECTION INFO

Refuse Weight

Households are allowed to place up to three (3)

30 gallon bags per week curbside.

No bags or cans in excess of 30 gallon size will be picked up!

Special or Large Item Pickups

Please call Public Works at 717-632-3939

to schedule a special pickup.

Residential Service - 1 large item picked up weekly free

Must call 717-632-3939 to schedule pickup of large item

Holiday Pickup

Holidays that change your pickup day to Wednesday

(New Years Day, Memorial Day, July 4th, Labor Day, Thanksgiving, and Christmas Day)

Holiday pickup is always the Wednesday of the week the holiday falls.

If your regular pickup day is Monday or Tuesday and the holiday falls on one of these days, the pickup is always the Wednesday following the holiday. If your regular day is Thursday or Friday and the holiday falls on one of these days, the pickup is always the Wednesday before the holiday.

Garden Waste Collection (*Borough Residents Only*)

Garden and leaf waste will be picked up with your recyclables

During May and October on your regular pick-up day:

2020

Monday, Oct. 12th

Tuesday, Oct. 13th

Thursday, Oct. 15th

Friday, Oct. 16th

BAGS CONTAINING ROCKS, GRASS, TREE LIMBS OR GROUND WILL NOT BE COLLECTED*

HANOVER AREA TRANSFER STATION

HOURS & RATES

Hours: 7:00 AM to 2:30 PM Monday through Friday

Minimum Charge: **\$30.00 up to 700 lbs.**

All appliances with Freon: \$30.00 per item

\$50.00 per item if picked up curbside by Borough Staff

Not accepted items: Propane bottles, antifreeze, motor oil or car batteries, telephone poles, railroad ties or lumber over 8 feet in length, any electronics.

ELECTRONICS — York County Drop Off Center Location

Penn Twp. Recycling Center

1020 Wilson Ave

Hanover, PA 17331

CHANGES IN PLASTIC RECYCLING

Due to changes in the global recycling markets, the Hanover Borough Recycling program must restrict the types of plastic eligible for recycling. Only Plastics #1, #2 and #5 can now be accepted. All other plastics should be disposed of with your regular trash.

GUIDELINES FOR PLASTICS #1, #2 and #5

PLASTIC BOTTLES/CONTAINERS

- Plastic Water, Juice & Soda Bottles
- Plastic Containers & Bottles #1, #2 & #5: This may include items such as shampoo bottles, liquid detergent containers, condiment bottles, water bottles, milk jugs, yogurt cups, prescription bottles, etc. Please check the container to find the designated number. The neck of the bottle should be smaller than the base.

HOW TO PREPARE PLASTICS

- Remove caps or lids (caps and lids are still recyclable but should be removed before placing them in the recycling dumpster)
- Rinse thoroughly to remove any residue
Labels and neck rings do not need to be removed from containers

WE CAN NO LONGER ACCEPT

- Styrofoam of any kind
- 5 gallon buckets
- Toys, lawn furniture, laundry baskets, clam shell containers

Please note that these regulations are subject to change as the recycling markets remain volatile.

HANOVER RECREATION BASEBALL & SOFTBALL 2021 Spring League

REGISTRATION WILL RUN

INFORMATION TO COME

"Flushable" Wipes Blamed for Sewer Woes

Avoid flushing any type of wipe, "flushable" or otherwise, down the toilet. This will prevent costly clogs and environmentally damaging overflows at your local sewage system. In fact, it would be best to avoid disposable wipes completely since they produce waste that should end up in a landfill, and more sustainable alternatives (such as your normal dissolves-quickly-in-water toilet paper made on unbleached recycled paper) exist. If you can't let go of your wipes, make sure they are properly disposed of in the trash.

Hanover Area Fire and Rescue Commission

Fire Chief's Office

228 High St
P.O. Box 1292
Hanover, PA 17331

Hello Residents,

For the fall 2020 newsletter I wanted to remind our residents about a few things. First, **if you are a renter, PLEASE, make sure you have Renter's Insurance.** Your landlord's insurance **DOES NOT** cover your personal belongings. We have responded to numerous fires where the tenants did not have renter's insurance. In many cases, they lost everything they own. I cannot emphasize enough how important this is. Almost any insurance agent can provide you with an economic policy with sufficient coverage for your needs.

Using a popular web-based insurance company, one would be able to obtain \$30,000 coverage of personal property, \$500,000 in personal liability, and \$5,000 coverage for bodily injury for \$35.35 down payment and \$16.15 for 11 months for a total of \$213.00 per year with a \$250.00 deductible. This was the "top-of-the-line" policy offered. This is less than the cost of your cell phone.

If you are a landlord, I strongly urge you to require your tenants to get renters insurance and to provide proof each year that they have it.

Do you have an adequate number smoke detectors? Have you changed the battery? How old is your detector?

You should have a detector in each bedroom/sleeping area, a detector outside of the sleeping area, one in the cooking area and one in the basement.

Whether you have electric detectors with battery back-up or battery operated detectors, batteries should be changed twice a year. "Change your clocks, change your batteries".

If your detectors are 10 years old or older, their effectiveness is likely greatly diminished and they should be replaced. If you need to replace your battery operated detectors, replace them with ones that have a 10-year lithium-ion battery.

If you can't afford a detector and are in need, please contact your nearest fire station. If you are physically unable to install it, we will do it for you.

Be Safe,

Chief Clouser

The Guthrie Memorial Library is still here, though we might be a little different on the inside!! The Pandemic has brought many changes to our way of life here at the library. We started the shutdown with totally online services – virtual story times, Facebook events, more eBooks/audios, online resources and more. Reopened for lobby pick up on June 15, went to limited browsing on July 6 and will open more fully on August 31(fingers crossed)! With opening more fully on the 31st, in addition to being open for browsing and limited computer use, we will be keeping all our virtual programming and online resources along with our lobby pick up. While we were always available through our online services it will be nice to have all 3 departments available for browsing again! Unfortunately this will come with some limitations as we will only be at a 50% occupancy limit. There will be no seating available in any department, computer access will be very limited in all departments - time and number of people, and there will be no in-library programs. High touch materials – newspapers, magazines, board books, toys, etc.... - will still be unavailable. We'll be taking this one step at a time, until we can be open without restrictions!

The Hormel Reading Room will look a bit different as we've moved the Large Print materials! The staff has been busy getting the library ready for you! We look forward to seeing everyone back at the library!! Questions please contact the library – 717-632-5183 or guthrielibrary@yorklibraries.org.

Library Hours are as follows:

Monday & Wednesday - 10:00-2:00, 4:00-7:00

Tuesday & Thursday - 10:00:00-1:00, 3:00-6:00

Friday - 10:00-1:00, 3:00-5:00

Saturday - 10:00-2:00

****Please remember masks, worn properly, are required to be worn at all times while you are inside the library.****

NEW! Online Shop!

Have you heard the news?! Our online shop is now open for business! Check out our Summer Quest T-shirts, Library Charms and more! Once you've made your online purchase, we will notify you when your item/items are ready for pick-up! Go to yorklibraries.org/shop.

All proceeds benefit Guthrie Memorial Library.

Visit our website and Facebook pages for virtual programming and events:
yorklibraries.org/hanover-guthrie or [Facebook.com/GuthrieMemorialLibrary](https://www.facebook.com/GuthrieMemorialLibrary).

Below is a list of upcoming “virtual” programs the library will be hosting:

Because a library card is the most important school supply of all...

Reach your GOALs with GOAL! Help your first-grade students shoot for the GOAL of a lifelong love of reading and learning! First grade is a time for children to learn to read. With our GOAL initiative, we strive to encourage a thirst for reading by introducing your child to the abundance of books, programs, and computer resources available through a library membership.

With this campaign, all 1st grade children in York County Schools will receive an informational packet and application form to apply for a new membership and library card at their local libraries. Homeschooling your child this year, then come to the library so we can give your 1st grade student their library card. Children with pre-existing memberships may also take part in the GOAL events and activities. Check out the York County Libraries website for more information on this program <https://www.yorklibraries.org>.

For Adults:

Trivia Night is back!

The format may be different, but it's the same trivia that you have come to know and love. Check the Guthrie Memorial Library Facebook page or YouTube Channel the last Tuesday of every month to access the video recording with 25 new trivia questions! And the best part? Since it's a recording, you can watch it and play anytime! We hope you enjoy!

Recycled Art with Michelle!

Join us for Recycled Art with Michelle! A new tutorial will be uploaded every Wednesday on Guthrie Memorial Library's Facebook Page and YouTube Channel.

What's New to Read?

Check out the newest books added to our Adult Department! Listen as Ryan, our Adult Department Manager, gives a description of each book!

Log in to your account and place a hold on titles you are interested in! A new video will be uploaded every Tuesday and Thursday!

<https://www.yorklibraries.org/hanover-guthrie/>

For Teens:

All programs are free and available for students in grades 6-12.

Virtual Escape Room - Solve puzzles and riddles to complete an adventure online. A new escape room will be posted on our Facebook page on the first Thursday of each month and will be available all month long.

Take Home Crafts - Create a one-of-a-kind item to keep or share. Supplies and instructions will be available on the second Thursday of each month. Registration is requested as supplies are limited.

Themed Activity Packets - Games, puzzles and activities based on your favorite fandoms. (Harry Potter, Pokémon, Marvel, Star Wars, etc.) New packets will be available from the third Thursday of each month to third Thursday of the following month.

For Children:

Give your child a smart start!

1000 Books Before Kindergarten is simple: read 1000 books with your newborn, infant, toddler, or pre-schooler before they begin kindergarten – and they'll benefit for years to come! **1000 Books** makes it fun to build a daily habit of reading. Go to the York County Libraries website for more information on this great program. <https://www.yorklibraries.org> Why read **1000 Books Before Kindergarten**? You are your child's first teacher and your home is where your child begins to learn. ***By reading aloud with young children, you give your child a smart start.***

Digital Story Times will start on September 7th on York County Libraries Facebook page. Enjoy stories, songs, rhymes, and fingerplays with the York County Libraries Youth Services Staff. Check out the York County Libraries and Guthrie Memorial Libraries Facebook pages for more on-line activities this fall.

Was your house built between 1945 and 1972?

Your sewer lateral may be Orangeburg Pipe.

What Orangeburg Pipe is and why it matters

If you said YES, you have a high potential of having sewer line pipe made of a material called Orangeburg. Since these pipes are going end of life underground now, and since the sewer line is your homeowner's responsibility, this has come up as a highly requested topic for our Newsletter. Here is the important information you need to know about Orangeburg pipe.

Orangeburg pipe is bituminous fiber pipe made from asphalt impregnated layers of wood pulp and pitch pressed together – essentially tar paper. Lightweight and brittle, this piping absorbs moisture and deforms under pressure, it started out as a substitute to cast iron pipe, which was heavily taxed during WWII to support the war effort.

How long does Orangeburg Pipe last?

Orangeburg has a life expectancy of approximately 50 years. After 30 years, deformation may begin to occur. All homes with Orangeburg pipe are pre-1972 and 47 or more years old. That could put your house at risk.

What happens when the Orangeburg piping begins to deteriorate?

Once the product begins to break down homeowners can expect frequent clogged lines, tree root invasion and even total pipe collapse. Once the deterioration process begins, Orangeburg sewer pipes deform quickly, allowing tree roots to break in to them and literally shred them.

How do you tell if your home has Orangeburg Pipe?

If your house was built between 1940 and 1972, there's a chance you have Orangeburg. The product was used as the standard piping as late as the 1970's. Also, if you have frequent clogs in your main sewer line or you see indentations in the front yard that line up with where the sewer should be, it might be a sign of Orangeburg pipe deterioration. If your neighbors have Orangeburg, you probably do too.

You have Orangeburg Pipe in your home. What is the solution?

We recommend having a licensed plumber come out and perform a side sewer camera inspection. This is a video camera review that does not require digging anything up. If it's determined Orangeburg has been used and is showing signs of deterioration the solution would be to replace ALL of it at once with PVC piping or other technologies such as CIPP lining or pipe bursting.. The bottom line is this material will deteriorate after a certain amount of time due to pressure and moisture. If you do not address the problem, eventually your sewer line will fail which could cost thousands in preventable repairs.

WINTER REMINDERS

Residents with driveways should clear an area to the right of your driveway (when facing your driveway from the street) to give the snow on the blade of the plow a place to empty before it gets to your driveway. This will help to lessen the amount of snow pushed back in front of your driveway. Residents with on-street only parking should pile snow on the curb line. Please be mindful that it is illegal to push snow from a parking lot, sidewalk or driveway onto a street or alleyway.

IF YOU ARE NEAR A FIRE HYDRANT, PLEASE SHOVEL OUT THE HYDRANT TO HELP WITH THE FIRE DEPARTMENT.

HOW TO PREVENT FROZEN WATER PIPES

INSIDE YOUR HOUSE

1. Open the cabinets under the sinks in your kitchen and bathrooms to allow heated air to circulate around the water pipes.
2. Set your thermostat at a minimum of 55 degrees, especially when you are gone for the day or away for a long time.
3. Let indoor faucets drip, but don't run a heavy stream of water. (remember it only takes a small drip) if you plan to be away during cold temps.

OUTSIDE YOUR HOUSE

1. Protect faucets, outdoor pipes, and pipes in unheated areas with pipe insulation. In a pinch wrapping them with rags, newspapers, trash bags, plastic foam or even bubble wrap can add needed protection.
2. Cover any vents around your home's foundation.
3. Drain water hoses and store them in a garage or shed.
4. Make sure you know where your house's shutoff valve is and how to turn it on and off.

STORMWATER MANAGEMENT PROGRAM

BOROUGH COMPLETES NORTH WATERSHED HYDROLOGIC & HYDRAULIC STUDY

The Borough of Hanover Stormwater Authority wanted to develop a comprehensive model to better understand how the stormwater system functions (or doesn't function) and ensure capital improvements project dollars are spent in the most appropriate manner. Penn Township partnered with the Borough to cost share for the study. This study is now being used to layout system improvements to begin addressing localized flooding.

ORDINANCE UPDATE

The Borough of Hanover will be adopting a revised Stormwater Management Ordinance to stay compliant with state regulations and provide a means to promote green infrastructure in the community. The final ordinance, once approved, can be accessed at the Borough of Hanover website.

Jackson Street 2020 Stormwater Project

The Borough intends to construct additional piping and inlets from an alleyway off of Jackson Street towards High Street. This extension of the system will improve stormwater drainage and connect two inlets that currently do not have an outlet pipe into the Borough system. This work will begin once the appropriate PennDOT permits are obtained.

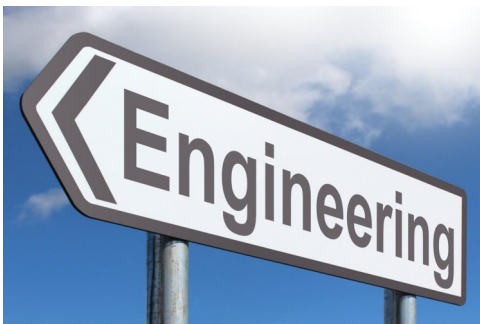

Welcome Hanover Borough's Newest Department

Recognizing that any path forward for community sustainability and for appropriate governance requires a strong organizational foundation, the Borough has recently completed the development of an entirely new department. This department, known as the Department of Planning and Engineering, or DPE, is the combination of previous staff and efforts related to codes, zoning, stormwater, general engineering and land use planning. To head the new department, the Borough has hired Eric Mains, a licensed professional municipal engineer with more than 26 years of experience helping communities (including many in the York and Adams County area). His role will be to provide oversight and leadership to the new department, helping to lessen reliance on outside contractors to provide such services. Eric will also serve as the Borough's Zoning Officer.

Having just started in May, at the onset of COVID-19, Eric has already begun numerous initiatives to modernize how the Borough manages development, permitting and compliance with codes. "I haven't had a single day since I started that hasn't brought new challenges and rewards" Eric noted. One of the key projects Mr. Mains hopes to accomplish is redevelopment of the downtown core to create an engaging place where citizens and visitors alike can come, shop, dine, meet with friends, etc. That goal may happen sooner than later with recent news of the potential for restoration of the former state theater, new restaurants / breweries opening up and the redevelopment of several downtown blighted buildings. With a new department in place, the Borough is well positioned to oversee the revitalization of the community.

For the average resident and those who do business in the Borough, Mr. Mains has also begun a task to modernize the Borough's permitting and codes program. The new system will use an online platform for submitting building and zoning applications, paying permit fees, tracking review / approval status, etc. It is his belief that outside developers will look at communities to see how they function internally as an indicator of whether they want to make investments in the community.

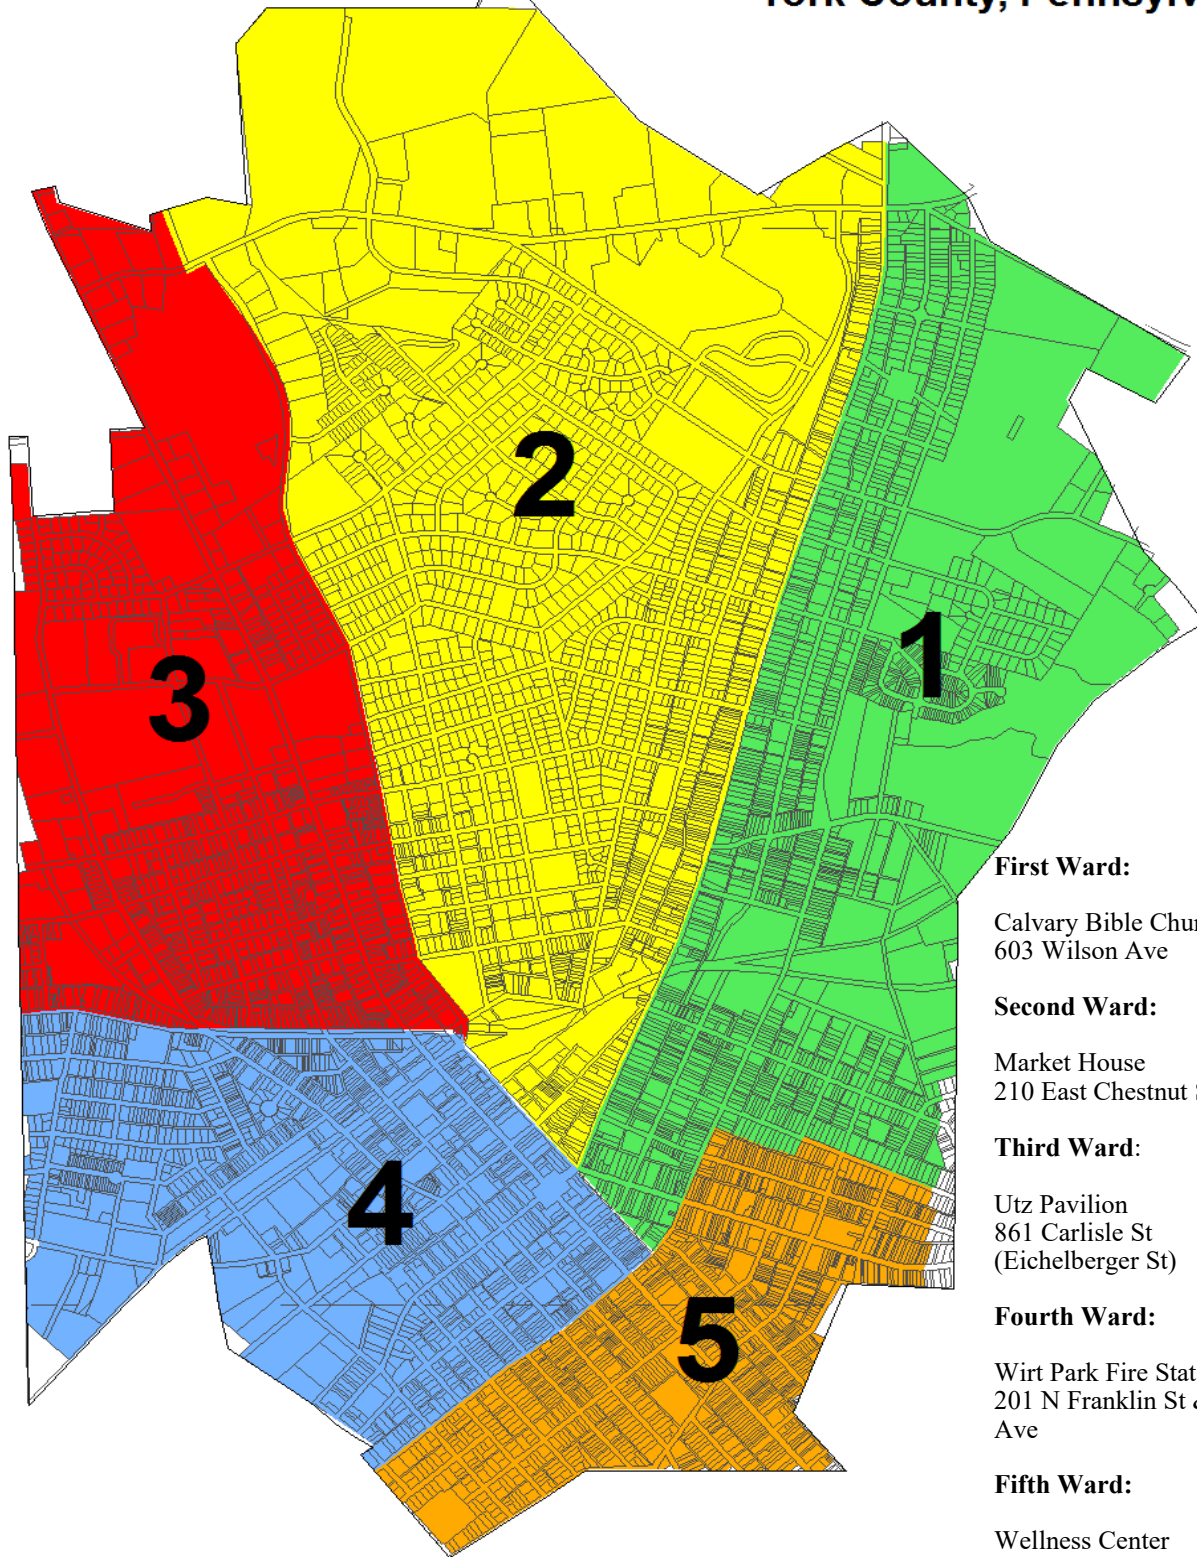

If you happen to stop in the Borough offices, or see Eric at a public meeting, please be sure to say hello and introduce yourself.
